

EMERGENCY KIT SCAVENGER HUNT

Severe weather can move in fast and be hard to predict, which is why it's important to have emergency supplies ready. Review the items below and see what you can find in your home!

A little healthy competition is a fun way for the family to connect and bond with each other. Keep track of who found what by awarding 1 point for every item found on the list, and 2 points for every item found not on the list that the family would need! After your search is complete, make a list of what you still need. Parental supervision is recommended during the scavenger hunt.
