Have you made any changes or additions to your home heating or propane appliances? NO _____ YES _____ Appliance description: _____

If you have a backup generator operating off your propane supply tank you will need to notify Blossman Gas if the generator has been operating for an extended period due to a power failure.

Fixed Pricing Effective September 1st. 2026 - June 30th. 2027 price per gallon

Worry Free \$2.08

Advanced Call \$2.13 per gallon.

Consortium Members will receive an additional 10% discount off any appliance purchase for the 2026-2027 season with the exclusion of Sale or clearance items.

To receive contract pricing accounts must stay current under the Net 30 payment terms. If an account is past due, you will forfeit your contract pricing on your deliveries.

Blossman Gas will deliver to customers on a **Worry-Free** or **Advance Call** basis.

Worry Free means that Blossman will monitor and keep the tank full at their discretion. Should a **Worry-Free** customer run out of gas, Blossman will give the customer up to 75 gallons of propane at no charge.

Advance call means that the customer must notify Blossman and request a delivery at least 24 hours before their assigned route day. Should the customer require a delivery on a day other than their assigned route day, there will be a \$100.00 off route charge applied to the delivery. Please indicate by Initialing the box below whether you would like to choose **Worry Free** or **Advance Call** service.
